## *Half Million Rhodas!*

Hybrid Rhododendrons have been propagated here on Koster Nursery for twenty years. The following record of the named varieties of grafted Hybrid Rhododendrons we have produced is an accomplishment of which we are proud. This record of twenty consecutive years does not tell of the tremendous difficulties in growing during the first years but does tell that the obstacles were successfully overcome. We are America's foremost growers of named Hybrid Rhododendron and on our 20th anniversary we can assure our customers the latest developments in propagating and growing give promise to even better plants at lower wholesale prices than ever before.

## LILACS

The above cut shows the comparative size of our 1 yr. tpl. and 2 yr. transplants. All our lilacs are "root grafted" on a piece of privet root and planted deep to make their own roots. Lilacs on privet have been in ill-favor because of the very inferior plants produced by budding on privet. Our method of root grafting produces a superior plant than any other method at lower cost.

Early varieties	{ Necker Lamartine Berryer
Single white	{ Jan von Tol Marie Le Gray Mont Blanc
Double white	{ Edith Cavell Mme. Lemoine Miss Ellen Willmott
Single dark blue and violet	{ Captain Baltet Cavour Decaisne
Double dark blue and violet	{ Emile Gentil Katherine Havemeyer President Grevy
Single light lilac	{ Charles X Gilbert Maurice Barres
Double light lilac	{ Marchael Lannes Thumberg Victor Lemoine
Single light pink	{ Lucie Baltet Macrostacia
Double light pink	{ Leon Gambetta Pres. Faillieres Waldeck Rousseau
Single dark red and purple	{ Horstenstein Ludwig Spaeth Reaumur
Double dark red and purple	{ Charles Joly Mrs. Edward Harding

15 to 18 in. B&B	.90	.75

TSUGA fremdi—Dwarf pyramidal hemlock

3 to 4 ft. B&B	\$20.00 each
----------------	--------------

While preparing this price list a recent college graduate of the "New Clever" type stopped in my office and said to me, "Is it worthwhile to publish a catalogue? It will be obsolete as soon as you finish." He was young, but made me feel humble for what he said was true. But what a creed! Here was Youth and Pessimism combined—a terrible sign of our times. Fortunately, all of us are not on a par with this Intellectual Hobo. We go on laboring to our goal in spite of cowards, such as these, who are all criticism and no work. One day some 21st century nurserymen may look back and say our poor efforts were not in vain.

## Terms and Conditions of Sale

**ORDERS:** State size desired and give specific shipping instructions—whether by freight, express or motor, date of delivery and to whom notice of delivery and invoice is to be sent. If no shipping instructions are included we will ship by best carriage. If no date is specified we will ship at once or as soon as weather or conditions of plants allow.

**LINING OUT STOCK.** Lining out material is shipped bare root with the roots puddled and protected with damp moss. Azaleas and Rhododendrons having a natural ball are protected with paper.

**SPECIMEN PLANTS.** All specimen stock is shipped balled and burlapped except small Boxwood and Lilacs. These items are mossed.

**TRANSPORTATION.** All shipments are adequately and carefully packed; and shipped over the Central New Jersey or Pennsylvania Railroads, or by motor freight. We can arrange truck load deliveries to Philadelphia for \$18.00, New York City \$40.00 and Baltimore \$45.00, other distances in proportion.

**PRICES:** We quote 1 to 50 plants of ONE KIND at the 10 rate, 50 to 300 at the 100 rate and over 300 at the 1000 rate. Packing at cost of material.

**TERMS:**—Orders from people unknown to us will be shipped C. O. D. unless arrangements for credit are made in advance. Regular accounts are due net cash 30 days from date of invoice.

**GUARANTEE:** Our stock is true to name and is of size and quality represented. We give no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any nursery stock, seeds, or bulbs we sell and we will not in any way be responsible for the crop. No liability is assumed for failure or delay in filling orders due to strikes, accidents, crop failures or shortages and other causes beyond control of seller.

**INSPECTION:** All plants shipped OUTSIDE the Japanese Beetle Quarantine ARE accompanied with a Japanese Beetle Certificate. Shipments INSIDE the Japanese Beetle Quarantine Zone will NOT have a Japanese Beetle Certificate unless requested. All shipments ARE accompanied with a New Jersey Nursery Certificate of Health.

**CLAIMS:** If stock is unsatisfactory claim should be made promptly upon receipt of goods. No claims will be allowed after 10 days from receipt of goods. If purchaser does not accept goods on above terms and conditions they must be returned at once.
